## Features

## Mac accounting software with an edge

Some people want more from their accounting software. More features, more benefits – more flexibility and they want it on Mac. MYOB AccountEdge delivers this in spades. Just like FirstEdge it comes with an intuitive Mac styled Command Centre and other fundamentals like Apple Script support. It's also ideal for more complex requirements like payroll and time billing.

The screenshot shows the 'Items List' window. It has a search bar at the top with 'Items Number' and 'Items With' dropdowns. Below the search bar is a table with columns: 'Items Number', 'Name', 'On Hand', 'Unit Cost', and 'Sell Price'. The table contains several rows of data, including items like 'Cupcake Large - 1 Month Bann', 'Cupcake Filter Large', 'Filter 4.5 Inch 1 Large', 'Cupcake Medium', 'Cupcake Medium - 1 Month Bann', 'Cupcake Filter Medium', 'Cupcake Small', 'Cupcake Small - 1 Month Bann', and 'Pizzeria Crust'. At the bottom, there are buttons for 'Print' and 'New', and a 'Close' button.

## Manage employee payroll

AccountEdge makes doing the payroll easier. You can quickly generate reports on PAYG withholdings, superannuation, leave deductions, allowances and bonuses. You can even double check that employee pays are correct before processing weekly, fortnightly or monthly pays. Whether you pay by set hours or by timesheets, AccountEdge has your obligations covered.

The screenshot shows the 'Enter Timesheet' window. It has a header with 'Employee: Nicklas, Peter' and 'Week of 23-Apr - 29-Apr, 2010'. Below the header is a table with columns: 'Category', 'Activity', 'Rate', 'Comments', 'Notes', and 'Hours'. The table is currently empty. At the bottom, there are buttons for 'Employee Search/View Time Columns', 'Total Hours: 0.00 - 4.00', and '7.00'. There are also buttons for 'Copy From Previous', 'Clear Timesheet', and 'New Timesheet'.

## Bill for your time, down to the last minute

When it comes to your business, planning is everything. AccountEdge's time billing features give you the ability to track the details of every job you do -

including non-hourly services and expenses. So no matter what, you'll know about every task performed and exactly how profitable each job is.

## Stay AOK with the ATO

AccountEdge calculates GST on a cash or accrual basis (whichever is right for you) and gives you everything you need to prepare the BAS and manage State payroll tax. Import your bank and credit card statements from online banking and AccountEdge will also reconcile any matching transactions – making hours of painful data entry a thing of the past.

## Smarter ways to manage jobs, customers and suppliers

AccountEdge automatically synchronises with your iCal and includes MobileMe backup, giving you access to all your contacts at the click of a button. That way you can email purchase orders, quotes, invoices and remittance advices to customers and suppliers directly from the software itself – a real timesaver!

## Quickly report on sales and profits

AccountEdge comes with a range of easy to understand business graphs that give you that must have 'at a glance' view of the business. So you can see what's coming in, what's going out and have a fast answer to the age old question – how's business?
